2. Mobile Phone Matching

Prior using the hands-free function, please match your Bluetooth-enabled mobile phone to the Speakerphone. This device supports simultaneous dual phones connection. When you are willing to connect it to only one mobile phone, one time matching step is needed. If to tow mobile phones simultaneously, tow times matching step is needed. Please follow below steps.

(1) Make sure distance between your Bluetooth-enabled mobile phone and Bluetooth Speakerphone is less than 1 meter.

(2) Turn on Speakerphone.

(3) Press and hold Multi-function Key for 6 seconds until hearing the indicating beep voice, and seeing LED indicator flash in red and blue color in turns. Now it's ready for matching, meanwhile you will hear "Device is ready for matching"

(4) Activate your mobile phone's Bluetooth function to search for Bluetooth device (refer to mobile phone user's manual)

(5) Select "AKAI BSW-3890" from the list.

(6) Enter the pre-programmed code "0000" and press "Confirm" button. Speakerphones will stand-by, and LED indicator will flash every 3 seconds after a successful matching.

(7) Go to your mobile phone main menu, and make sure speakerphone is placed within 10 meter near your phone without any obstacles. Now, hands-free function is activated

Note:

Speakerphone will turn off automatically after 2 minutes when it fails to match mobile phone. Please repeat above steps to activate it.

3,Connect Your Mobile Phone to Speakerphone

Speakerphone will be in the connected mode after successfully matched to mobile phone. Before making a call, your mobile phone will show an earphone icon. Please select "AKAI BSW-3890" from the list

4,Speakerphone Operation

(1) Answer a call

When comes a call, Speakerphone will ring and report voice of "Mobile one has a call" Multi-function Key to answer

(2) Hang up a call

Short press Multi-function Key to hang up a call

(3) Reject a call

When comes a call, press Multi-function Key and hold for 3 seconds to reject a call.

(4) Redial

Short press Multi-function Key in stand-by mode for 2 times, Speakerphone will redial previous phone number.

(5) Voice Dial

Short press Multi-function Key in stand-by mode, when hearing a short beep sound, speak a voice tag-phone book contact name.

Note:

Please make sure your mobile phone includes the voice dial function.

(6) Volume Control

Press Volume-(-) or Volume+(+) key to adjust volume. Speakerphone will report "Maximum Volume" and "Minimum Volume"

(7) Calling Status Switching

A. Hands-free mode switch to mobile phone mode (private conversation): press (+) key and hold for 2 seconds to switch to private conversation mode. B. Mobile phone mode (private conversation) switch to Hands-free mode: press (+) key and hold for 2 seconds to hands-free mode.

5,Simultaneous Dual Phones Matching

There are 2 ways to activate this function.

A. Once mobile phone 1 successfully connected, you will hear "Phone 1 connected" Short press Multi-function Key to start phone 2 matching steps.

B. Once mobile phone 1 successfully connected, turn off its Bluetooth function (very important step), and then press Multi-function Key and hold for 6 seconds until LED indicator flash in turns different colors, then Speakerphone is ready to matching phone 2.

- (1) Now please follow phone 1 matching steps until hearing "Phone 1 connected"
- (2) Once phone 2 successfully matching, please turn on phone 1's Bluetooth function and select "Connect" when seeing a notice of "Connect to AKAI BSW-3890?". Now the Speakerphone matches both phone 1 and phone 2 simultaneously.

6, Calling of Phone 2

Phone 1 has authorized priority to Speakerphone than phone 2.

- (1) Voice Dial: short press Multi-function Key to activate voice dial function.
- (2) Redial: short press Multi-function Key for 2 times to redial previous phone number.

Note:

In the dual-connection mode, one phone will disconnect to Speakerphone automatically when the other phone is in a call, and will resume to connection after the call.

7, Re-match New Telephone Number

- (1) Make sure the Speakerphone is in stand-by mode.
- (2) Long press Multi-function Key to activate new telephone number matching.
Now phone 1's telephone number will be covered by new number
- (3) press Volume-(-) or Volume+(+) key and hold for 5 seconds until Speakerphone turn off. Now device is reset to Factory Default (no matching with any phones).

8, Safety

- (1) Please learn your local regulations before using, and concentrate on driving safety while using the hands-free Speakerphone in car
- (2) Keep the Speakerphone away from Children.
- (3) Never use the device in any areas where electronic devices or wireless communication devices is prohibited.
